

# BIG GAME HUNTERS ARE PLANNING FOR THE LONG TRAIL THAT LEADS TO YUKON'S UNSPOILED HUNTING FIELDS

Are you planning to hunt big game in the Yukon this season? If so, have you engaged your guides? If you have not, lose no more time in doing so. Guides are more plentiful in the far north and both guides and transportation are being booked by what promises to be the biggest bunch of hunters that have gone to the Yukon. A report has just come out from one of Yukon's best known guides, to the effect that caribou are more plentiful than heretofore known and are ranging in great droves. The two principal districts are the Klondike and the McMillan River sections, the start for either is made from White Horse. McMillan district is reached by an all-water route, the White River wholly by land. Outfitting may be done at White Horse. Some hunters have along their own equipment and bedding but this is unnecessary as Yukon outfitting is a "T" just what is needed and are ready to furnish it. Both districts are governed by the same laws, and licenses costing \$100 are obtainable at White Horse. From fifty to sixty days must be allowed for the hunting trip. Anything under fifty days demands a pace that precludes choice of best. In addition to caribou, moose, bear and sheep, goats may be gotten by making short side trips to the particular haunts they favor. Plenty of good fishing may be enjoyed at either trip. Yukon guides have no superiors but like other choice things, their number is limited. Intending parties should contract for services as early as possible. Hunting in the Yukon is an expensive sport but it makes it all the more attractive to the sportsman who can afford it. The limited number of hunters who visit this vast rich country are sure to get good bags. Lead guides consume from \$12 to \$15 per day while second guides, cooks, canoe men and helpers get from \$7 to \$10 per day. The cost of a Yukon hunting trip will total from \$1,500 to \$3,000 for a fifty day trip. This sum is of course, exclusive of cost of transportation reaching the Yukon which includes a three and one-half days voyage by way of the Inside Passage along the coast of British Columbia.

## 1,500 MEN TO START WORK IN WINDOW PLANTS

AGREEMENT REACHED RE- DUCES WAGES TWENTY- EIGHT PER CENT

CLEVELAND, O., Aug. 31.—An agreement has been reached here between the National Window Glass Workers' Association and the National Association of Window Glass Manufacturers with the union, according to Joseph Neenan, president, accepting a 28 per cent reduction in wages. Approximately 15,000 men and sixty factories are involved. The scale becomes operative between September 1 and 15 and is effective for thirteen weeks instead of twelve as heretofore. The second period, which also is in operation for 13 weeks begins February 15. Last year's scale ranged from \$1.02 to \$3.15 per box, dependent on the size into which the glass was cut. Besides the 5,000 members of the glass workers, 2,000 machine workers and 3,600 unskilled men will be given employment when the factories resume operations. They have been idle since last January when the factories closed at the expiration of last year's contract. Since then several conferences have been held but no agreement reached. The principal factories are located in a dozen different states, including Texas, Louisiana, Oklahoma and Arkansas.

## ECZEMA IN LARGE WATER BLISTERS

Around Edges of Hair and Nose, Cuticura Heals.

"Eczema broke out in large water blisters around the edges of my hair, temples, and nose. After a few days they turned to sore eruptions, which caused terrible disfigurement, also itching and burning. The itching and burning were so intense that I scratched and irritated the affected parts and lost rest at night. My hair became thin, dry and lifeless. A friend advised me to try Cuticura Soap and Ointment, and when I had used about two cakes of Soap and three boxes of Ointment I was completely healed." (Signed) Miss Marion E. Hughes, 815 12th St., N. E., Washington, D. C. Use Cuticura for all toilet purposes. Sample Book Free by Mail. Address: "Cuticura Laboratories," Dept. H, Malden, Mass. Send every- where. Today the Ointment is made for Talcum Sh. 2000 Cuticura Soap shares without mug.

## AMERICAN OIL MEN WILL VISIT WITH OREGON

LITTLE IS ACCOMPLISHED ON FIRST DAY IN OLD MEXICO

MEXICO CITY, AUG. 31.—After a two-hour meeting here Tuesday with Secretary of the Treasury Huerfano, the American Oil Company's representatives, who have come to Mexico to discuss oil questions with the government, said a brief visit of courtesy to President Obregon.

W. G. Tangle, of the Standard Oil Company of New Jersey, speaking for the committee, after this morning's conference, said the meeting was not an important one, having been occupied with outlining the general program to be followed in the later discussions. He added that no arrangements had been made for a conference later in the day, but it is understood the oil men will act at the suggestion of President Obregon, who will formulate the conference plans after his initial meeting with the Mexican petroleum heads today.

The oil men have asserted that every effort will be made to speed up the discussions. It is believed impossible, however, that the sessions will be concluded before the end of the week, since President Obregon and his cabinet will be occupied all day Thursday with the opening of congress.

Consideration of the Amparo suit brought in 1919 by the Texas Company against the Mexican president and department of commerce and industry was continued today by the supreme court. As the various members of the court are expressing their opinions at great length, it is not believed a decision will be handed down for several days. Supreme Court Justice Benito Flores, speaking to the Associated Press today, declared the pending decision was of vast importance, inasmuch as it will establish the general principle upon which all the other Amparo suits will be based. He explained that the court was performing in an unprecedented manner in classifying more than one hundred Amparo suits, upon which it would pass and decide according to groups, rather than individuals.

## SUSPECTED SLAYER OF ERZBERGER FREED

BERLIN, Aug. 31.—Ottwig Hirschfeld, for whom the police had been searching on suspicion that he might have some knowledge concerning the assassination of Matthias Erzberger, came to Berlin today and informed the state's attorney that he had nothing to do with the shooting of the former vice chancellor. Thereupon the police permitted the man to go. Hirschfeld sometime ago tried to murder Herr Erzberger. He was sent to prison, but was released recently, owing to ill health. One of the two men arrested in Hirschfeld's company on suspicion that they knew something regarding the details of the assassination of Erzberger has attempted to commit suicide, according to Aichi Uhr Abdenblatt.

**NORRIS IMPROVING.**  
By Associated Press.  
WASHINGTON, Aug. 31.—Senator Norris of Nebraska, who collapsed in the Senate several weeks ago, is improving rapidly according to word received from the Wisconsin woods where he is recuperating.
